

Environmental Policy

Dobson and Crowther Limited is a well established envelope manufacturing and printing company based in Llangollen North Wales on the banks of the River Dee. We design, print and manufacture an extensive range of products, from bespoke envelopes and pockets to unique innovative formats for direct marketing, incentive & sales promotion. We are the leading UK supplier of seed packaging to the horticultural industry and of packaging for the photofinishing industry

Through our activities, products and services, we recognise that we have many different impacts on the environment. We are committed to continual improvement in our environmental performance and in the prevention of pollution.

To this end, we will continue to develop our employees knowledge and help them to understand their personal responsibility in improving environmental performance and helping minimise the company's environmental impact.

We will reduce our environmental impact by:

- Complying with all applicable legislation, regulations and other requirements to which the company subscribes, relating to its environmental Aspects
- Setting environmental objectives and targets which are regularly monitored and reviewed to continually improve our environmental performance.

This policy will be on view in the reception area and on company notice boards. It is available to all interested parties, including the public, on request.

Paul Holden
